

Regret  
Anathema

**Bbm** **Fm**  
As I drift away... far away from you,  
**Bbm** **Fm**  
I feel all alone in a crowded room,  
**F#**  
Thinking to myself  
**Ebm**  
There s no escape from this  
**F#**  
fear  
regret

**Ebm**  
loneliness...

**Bbm**  
Visions of love and hate  
**Ebm**  
A collage behind my eyes  
**Bbm**  
Remnants of dying laughter  
**Ebm**  
Echoes of silent cries

**Bbm**  
I wish I didn t know now that  
**Fm**  
I never knew then...  
**Bbm**  
Flashback  
**Fm**  
Memories punish me once again  
**F#**  
Sometimes I remember all the pain  
**Ebm**  
that I have seen.  
**F#** **Ebm**  
Sometimes I wonder what might  
have been...

**Bbm**  
Visions of love and hate  
**Ebm**  
A collage behind my eyes  
**Bbm**  
Remnants of dying laughter  
**Ebm**

Echoes of silent cries

**Bbm**

And sometimes I despair

**Ebm**

At who I ve become

**Bbm**

I have to come to terms

**Ebm**

With what I ve done

**Bbm**

The bittersweet taste of fate

**Ebm**

We can t outrun the past

**Bbm**

Destined to find an answer

**Ebm**

A strength I never lost

**F#**

I know there is a way,

**G#**

My future is not set,

**F#**

For the tide has turned

**C#**

But still I never learned

**Fm**

To live

**Bbm**

without regret
