

Regret  
Anathema

**Bm** **F#m**  
As I drift away... far away from you,  
**Bm** **F#m**  
I feel all alone in a crowded room,  
**G**  
Thinking to myself  
**Em**  
There s no escape from this  
**G**  
fear  
regret

**Em**  
loneliness...

**Bm**  
Visions of love and hate  
**Em**  
A collage behind my eyes  
**Bm**  
Remnants of dying laughter  
**Em**  
Echoes of silent cries

**Bm**  
I wish I didn t know now that  
**F#m**  
I never knew then...

**Bm**  
Flashback  
**F#m**  
Memories punish me once again  
**G**  
Sometimes I remember all the pain  
**Em**  
that I have seen.  
**G** **Em**  
Sometimes I wonder what might  
have been...

**Bm**  
Visions of love and hate  
**Em**  
A collage behind my eyes  
**Bm**  
Remnants of dying laughter  
**Em**

Echoes of silent cries

**Bm**

And sometimes I despair

**Em**

At who I've become

**Bm**

I have to come to terms

**Em**

With what I've done

**Bm**

The bittersweet taste of fate

**Em**

We can't outrun the past

**Bm**

Destined to find an answer

**Em**

A strength I never lost

**G**

I know there is a way,

**A**

My future is not set,

**G**

For the tide has turned

**D**

But still I never learned

**F#m**

To live

**Bm**

without regret
