

**Sleepless**  
**Anathema**

Key--

^--hammer on/pull off

/--slide up/down

--pig squeal (or whatever the technical name is!)  
(area used on right hand differs...experiment!)

=====

[Note: The opening note of Sleepless may begin with a low B, in which case the band either tuned their guitars way down, or were using 7 string guitars (not uncommon nowadays). In either case, it can be played with standard 6 string tuning. The (2) in the opening sequence is just to denote the B.]
