

Someone Anyone
Anberlin

Bm G

Bm
Thought we were past this
Thought we moved on
But I guess I was wrong

G
Do we not learn from mistakes?
Do we not have what it takes?

Bm
Are you the cure or disease?
Do you still take as you please

G
Are you the cure? Or are you the disease?

Bm C C#m D

Bm
Someone, someone tell me what theyâ€™re fighting for

G **Em**
Anyone, anyone, anyone can start a war

Bm **G** **A**
No one can walk away, no one can walk away truly alive

Bm
Someone, someone, someone tell me why we need it?

G **Em**
Anyone, anyone, anyone can start a war

Bm **G** **A**
No one can walk away, no one can walk away truly alive

Bm G

Bm
So weâ€™ll be fine, yesterdayâ€™s gone
Enough hope that Iâ€™m wrong

G
If we donâ€™t learn from their past
Weâ€™ll repeat them, history oh at last

Bm
Are you with us or without?
Scene is ever fading out

G
Are with us, well are you with us?
