

Make It Without You
Andrew Belle

C **F**
This is the starting of my greatest fear
C **F**
I m all packed up, getting out of here
D **Am**
But then you call and tell me not to go
D **Am**
That I m the one who put the rock n roll

In your life

C **F**
This is the starting of a brand new day
C **F**
Never liked this town much anyway
D **Am**
I need this city like I need the rain
D **Am**
I know that somewhere there s a north bound train

----- REFRAÃO -----

C
Oh I ll
F
Make it without you
C
Oh I ll
F
Make it without you
D
Though my body s laying here
Am
It s my mouth that must be lying now

C **F**
This is the starting of my far from grace
C **F**
My self esteem, oh it s seen brighter days
D **Am**
But you know I ll never let this go to waste
D **Am**
I ll keep this memory on the map I trace

Back to home

C **F**
Friends go out, but I've been staying in
C **F**
I know I should, but that's the way it's been
D **Am**
Never cared much for the taste of gin
D **Am**
Still don't now, but it's been helping

----- REFRAÃO -----

C
Oh I'll
F
Make it without you
C
In My life

Oh I'll
F
Make it without you
D
Though my body's laying here
Am **D**
It's my mouth that must be lying now
Am **D**
It's my mouth that must be lying now

C **F**
Oh I'll make it without you

C **F**
Oh I'll make it without you!

D
Though my body's laying here
Am **D**
It's my mouth that must be lying now
