**Andrew Lloyd Webber**

**G** **Am** **D7** **G**  
On this night of a thousand stars let me take you to heaven s door,  
**G** **Am** **D7** **G**  
Where the music of love s guitars plays forever more.

**G** **Am** **D7** **G**  
In the glow of those twinkling lights we shall love through eternity,  
**G** **Am** **D7** **G**  
On this night of a million nights fly away with me.

**G**  
I never dreamed that kiss could be as sweet as this,  
**C**  
but now I know that it can.

**D** **C**  
I used to wander alone without a love of my own,  
**G**  
I was a desperate man.

**G7**  
But all my grief disappeared and all the sorrow I feared  
**C** **Cm**  
wasn t there anymore.

**G** **D7** **G C G**  
On that magical day when you first came my way, mi amor.

**G**  
On this night...  
On this night...

**G** **Am** **D7** **G**  
On this night of a thousand stars let me take you to heaven s door,  
**Am** **D** **G C G**  
Where the music of love s guitars plays forever more.
