[Intro]

**Cadd9 Dadd4 Cadd9 Dadd4**

[Verse 1]

**Cadd9 Dadd4 Cadd9 Dadd4**  
Back when I was younger, wild and bold and free  
**Cadd9 Dadd4 G D/F# Em**  
I can still remember, how the music used to be  
**Cadd9 Dadd4 Cadd9 Dadd4**  
Chords like rolling thunder, loud beyond control  
**Cadd9 Dadd4 G D/F# Em**  
Every note and lyric branded right across my soul

[Chorus 1]

**C G**  
Where did the rock go  
**C Bm**  
Where s the rush of those electric guitars  
**Am Em**  
Where are all those voices raised to heaven  
**Am C G**  
Blazing down like shooting stars  
**C G**  
Tell me where is the passion  
**C Bm**  
Where s the rattle and the roar and the buzz  
**Am Em**  
Where do last year s one-hit-wonders go to  
**Am C G**  
And what happened to the girl I was

[Verse 2]

**Cadd9 Dadd4 Cadd9 Dadd4**  
Somehow I got older, year by busy year  
**Cadd9 Dadd4 G D/F# Em**  
Guess the songs kept playing, but I didn t stop to hear

**Cadd9**                      **Dadd4**    **Cadd9**                      **Dadd4**  
All that youth and swagger turned to grown-up doubt  
                 **Cadd9**                      **Dadd4**                      **G**                      **D/F#** **Em**  
as the world spun like a record, and the music faded out

[Chorus 2]

**C**                      **G**  
Where did the rock go  
                 **C**    **Bm**  
Where s the pounding of the drums in my veins  
**Am**    **Em**  
When did all the static fill the airwaves  
**Am**                                      **C**                      **G**  
When it s gone, then what remains  
                 **C**                      **G**  
Tell me where did the time go  
                 **C**    **Bm**  
Where s the joy I used to know, way back when

[Bridge]

**F**                      **C**  
Where s the power and the beauty  
                 **G**  
Then the frantic end, the rapture  
                 **F**                      **C**  
Where s the magic of the moments  
                 **G**  
only rock could ever capture  
                 **F**                      **C**  
Now the only thing I m hearing  
                 **G**  
are the echoes disappearing

[Verse 3]

**Cadd9**                      **Dadd4**    **Cadd9**                      **Dadd4**  
Sorry for the outburst, please, I ll be okay  
**Cadd9**                      **Dadd4**                      **G**                      **D/F#** **Em**  
Let s keep this our secret, who d believe it anyway  
                 **Cadd9**                      **Dadd4**    **Cadd9**                      **Dadd4**  
We ll pretend it never happened, file it and forget  
                 **Cadd9**                      **Dadd4**                      **G**                      **D/F#** **Em**  
Still, thanks for the reminder that there s music in me yet

[Chorus 3]

**C**                      **G**  
Where did the rock go  
                 **C**    **Bm**  
All those feelings that I learned to ignore  
**Am**    **Em**  
If you flip the record and start over  
                 **Am**                      **C**                      **G**  
does it sound the way it did before

**C**

**G**

Where did the rock go
