

A Town Called Obsolete
Andrey Triana

G#aug - 4765xx
Am/E - 0x2210
Dm7 - xx0122

[Verse 1]

Am **F**
As I sit here with this urgency
Dm7 **Am**
And nobody to the side of me
Am **F**
All quiet and alone
Dm7 **Am**
Needing answers of the unknown
Am **F**
Flitting between the real and aloof
Dm7 **Am**
A strenghtening pulse of these blues
Am **F**
Sketched out and oh so confused
Dm7
Just keep calling
Am
Just keep calling

[Chorus]

Am/E **F**
Put it down and it will come around
G#aug
A hidden street
Am
A town called obsolete (Repeat x1)

[Verse 2]

Am **F**
I glance out at the invisible
Dm7 **Am**
Winding it round, keeping me so warm
Am **F**
Impatiently overload
Dm7 **Am**
Missing someone that I ve never known
Am **F**
Flitting between the plead and the truth
Dm7 **Am**
At times I m wondering what s the use?
Am **F**
So I ease out a righteous pursuit
