Rain ...on my roof, the heaviest of heavy nights
Helped her off feel very right and I do
I think Iâ€™ve probably made up my mind
Iâ€™m gonna let her know
Never gonna let her go, no not now
Now not now

[Chorus]

I thought about it once
Thought about disagreeing with you
But I was someone else
Someone whoâ€™s heart was indestructible
Carved out of stone unavailable
Who would have known I donâ€™t know
Maybe you

[Instrumental Break]

[Chorus]

I thought about it once
Thought about disagreeing with you
But I was someone else
Someone whoâ€™s heart was indestructible
Carved out of stone unavailable
Who would have known I donâ€™t know
Maybe you.
