

Our Gods Alive
Andy Cherry

Hey guys, this is my first tab so please rate and correct any errors. This song is in the key of C (that means open fret if you didn't know).

Intro: **Em C** 2x

Verse One: **Em C**
Come on everyone, see what he has done
Em C
He has lifted us, he has overcome
Em C
The power of the grave, and the sin that one enslaved
Em C(let ring)
Couldn't hold him in the ground, couldn't keep him down

Chorus: **C D G**
Rise with a shout, cry out, our god's alive
C Em G
Rise holy fire, burn bright, burn bright
C D G
Rise with a shout, cry out for freedom
C Em G
Rise church arise, our god's alive

Verse Two: **Em C**
Reigning on his throne, drawing ever close
Em C
Giving us this hope he'll never let us go
Em C
Oh, death has been defeated, Jesus Christ redeemer
Em C
conquered hell and freed us, forever we are saved

Chorus: **C D G**
Rise with a shout, cry out, our god's alive
C Em G
Rise holy fire, burn bright, burn bright
C D G
Rise with a shout, cry out, for freedom
C Em G
Rise church arise, our god's alive

Bridge: **Am Em D**
He alone can save us, he will not forsake us

I have not really figured out the ending yet but I will try to put it on here later. Sorry.

Okay, i think the ending was really simple, but i thought that there was more to it so here it is:

Ending: Em C (keep repeating)

I didn t say this at first, but I cannot take full credit for this tab. my guitar teacher actually taught me how to play this.
