

I Never See You
Andy Davis

Song: I Never See You
Artist: Andy Davis
Album: Thinks of Her

This is a relatively easy tab, although Andy includes some more intricate guitar work that can be figured out by picking around with the barred version of the chords.

Verse Chords:

Em: 022000
Bm: X24432
A: X02220
Asus: X02230

Chorus Chords:

Em: X79987
Bm: 799777
A: 577655
G: 320033

1st Verse:

Em **Bm** **A**
Thank God, thank God youâ€™re okay, I couldâ€™ve lost you
Em **Bm** **A** **Asus** **A**
You had me afraid
Em **Bm** **A**
You know when youâ€™re still away, the thoughts in my head, the nails in
my bed
Em **Bm** **A** **Asus** **A**
Keep me awake

Chorus:

Em **Bm** **A**
Did you see how close my feet were to the edge
 Em **Bm** **A**
When you came to me, oh do you love?
 Em **Bm** **A**
Do you see that you say that youâ€™re not leaving,
 Em **G** **A**
I want to believe itâ€™s true, but I never see you.

2nd Verse:

Your voice is only a tease, it never seems to calm my agony,
And though Iâ€™m a man of faith, itâ€™s hard to believe in what you canâ€™t see
When youâ€™re gone away.

Repeat chorus, instrumental (same chords), then chorus again.
