Intro - **D Cadd9 Gmaj9 G** x2

**G**

So I stand up

**A7sus4**

Feel the needles in my feet

**Cadd9**

And my legs are still asleep

**G**

But it s the morning

Fold the blankets

Shake the grass out of the sheets

Throw it all in my back seat

And drive you home

**Em7**

**Cadd9**

Yeah knowing me and knowing you

**Em7**

**Cadd9**

The stars could not have had a clue

**Em7**

**Cadd9**

**D**

We never meant to start this thing between us

**A7sus4 G**

**D**

It just happened that way

**Em7**

**Cadd9**

Ya know sometimes it does

**G**

Sometimes the planets align

**D**

And you both lose time, Can t change your mind

**A7sus4 G**

**D**

It just happened that way

**Em**

**A7sus4**

No time to invest

**G**

**Cadd9**

Ya just pray for the best

**Dsus2**

And you say

Cadd9 Gmaj9 G

It just happened that way

D Cadd9 Gmaj9 G

Just happened that way

By tomorrow

We may be the talk of town

Yeah word will get around

That we re together

Oh but the thing is, girl

They will never understand

It was just an accident

That kinda worked out

Yeah knowing me and knowing you

I think we can both agree

We never meant to start this thing between us

It just happened that way

Ya know sometimes it does

Sometimes the planets align

And you both lose time

Can t change your mind

It just happned that way

No time to invest

Just pray for the best

And you say

Oh love

**Em**

**C**

**A7sus4**

We could run yeah, we could run away

Thinking it over

We could run yeah, we should run away

Would you come with me

We could run yeah, we should run away

Thinking it over

I m smiling

Cause I know that they will see

Our straight and narrow ways just took a turn

We ll take a highway without ever looking back

And in ten years we can laugh at how we got there

Yeah knowing me and knowing you

The stars could not have had a clue

We never meant to start this thing between us

It just happened that way

Ya know sometimes it does  
Sometimes the planets align  
And you both lose time  
Can t change your mind

It just happened that way  
No time to invest  
Just pray for the best  
Oh and I know it s a mess  
We ll pray for the best  
We ll say  
It just happened that way  
Just happened that way
