

**Fresh Eyes**  
**Andy Grammer**

**Em**      **D**          **G**          **C**  
I got these fresh eyes, never seen you before like this  
**Em**                  **D**          **G**          **C**  
My God, you re beautiful  
                  **Em**          **D**          **G**          **C**  
It s like the first time when we open the door  
                  **Em**                  **D**      **G**      **C**  
Before we got used to usual

[Verse 1]

**Em**      **D**          **G**          **C**  
It might seem superficial,  
**Em**      **D**      **G**          **C**  
stereotypical, man  
**Em**      **D**          **G**          **C**  
You dress up just a little  
**Em**                  **D**          **G**          **C**  
and I m like, Oooooooooohhh, damn

[Chorus]

**Em**          **D**          **G**                  **C**  
So suddenly I m in love with a stranger  
**Em**                  **D**                  **G**                  **C**  
I can t believe that she s mine  
**Em**          **D**          **G**      **C**  
Now all I see is you  
                  **Em**      **D**          **G**      **C**  
with fresh eyes, fresh eyes  
**Em**          **D**          **G**                  **C**  
So suddenly I m in love with a stranger  
**Em**                  **D**                  **G**                  **C**  
I can t believe that she s mine, yeah  
                  **Em**          **D**          **G**      **C**  
And now all I see is you  
                  **Em**      **D**          **G**      **C**  
with fresh eyes, fresh eyes
