

You Should Know Better
Andy Grammer

[Verse 1]

B
I m on the phone; you turn your back on me
D#m **E**
We re all alone, why is this happening
B **D#m** **E**
I never thought I would be questioning the one I, one I love
B
But here we are wrapped up in silence
D#m **E**
Can we sound the alarm both so defiant and
B
Don t know where to start
D#m **E**
I keep colliding with the one I, one I love

[Pre-Chorus]

F# **G#m** **E**
Don t make it so hard for me to stay

[Chorus]

You should know better than that
B
Before you go on breaking my heart
F#
And I fall even deeper in love
G#m **E**
And my lungs screaming out can you hear me

You should know better than that
B **F#** **E**
And here we are, here we are Ooohhhhhhhhhhhhh

[Verse 2]

B
If I could leave, I would be leaving
D#m **E**
Cause I cannot believe what I am hearing
B
Tell me, how can it be
D#m **E**
I m second guessing on the one I, one I love

[Pre-Chorus]

F# **G#m** **E**
Don t make it so hard for me to stay

[Chorus]

You should know better than that

B

Before you go on breaking my heart

F#

And I fall even deeper in love

G#m **E**

And my lungs screaming out can you hear me

You should know better than that

B **F#** **E**

And here we are, here we are Ooohhhhhhhhhhhhh

B **F#** **E**

Here we are, here we are again

[Interlude]

G#m **E**

[Bridge]

G#m **B**

Some forgive just to forget

F#

I have not forgotten yet, I still believe in you

G#m **B**

But there is a crack in our cement

F# **F#** **E**

This time it s permanent, permanent

[Chorus]

E **E**

You should know, you should know better than that

B

Before you go on breaking my heart

F#

And I fall even deeper in love

G#m **E**

And my lungs screaming out can you hear me

[Outro]

You should know better than that

B **F#** **E**

And here we are, here we are Ooohhhhhhhhhhhhh

B **F#** **E**

Here we are, here we are again

You should know better than that

B **F#** **E**

And here we are, here we are Ooohhhhhhhhhhhhh

B **F#** **E**

Here we are, here we are again

You should know better than that!!
