

An Ocean Away
Andy Lau

(D-A-G-A)

(D-A-C-G)

D

We looked at
The sun

A

From two different points
We watched it set
And we watched

G

It reborn
So perfectly

D

The colors
Are the same

A

The picture might differ

Dm

But we are an ocean away

G

Worlds so unlike
But I miss you

Dm

And I can't live knowing you aren't mine

G

I miss you

C

an ocean away

G

yeah yeah,

D

Your eyes still
Strike me

A

As the water Between us
They are the same
Shade as

G

That ocean
As that monster

D

That keeps us away
I wish it would fade

A

Into a rain

Cloud so grand

Dm

But we are an ocean away

G

Worlds so unlike

But I miss you

Dm

And I can't live

Knowing you aren't mine

G

I miss you

D

Just so

I could walk

A

Those miles to you

I wish

G

It would vanish

And I could scream

D

Out your name

A

And all I will hear back

Is mine

But we are an ocean away

Worlds so unlike

But I miss you

And I can't live Knowing you aren't mine

I miss you

an ocean away

D

And I can see

Myself falling

A

Deeper and deeper

Into your

G

blue eyes

Deeper and deeper

D

In love with

A

Your smile

But we are an ocean away

Worlds so unlike

But I miss you

And I can't live

Knowing you aren t mine
I miss you
an ocean away
