Stutter by Andy Stochansky

Bbm

I dream about stars here

G#

I dream about bringing you a parade

Bbm

We read foreign papers

G# F#

Pretend we re hiding from an air raid

C# F#

But I can t know

G# F#

Why I always stutter

Chorus:

C#/B

And she...

C#

Doesn t care

F#

Breathe the same air

C# G# C#/B

I don t have a hope in hell

C#

Doesn t see

F#

We could agree

C# G#

This could be so blissful

I will do magic

Houdini s rabbit lives here under my sleeve

I ll saw myself in half

They ll be 2 of us

Always ready to please

But I can t know

Why I always stutter

Chorus

This could be so blissful

let me know how it went,
