A  
on the way to california  
E D7  
and i don t mean california literally  
A E  
i was thinking, it s so comforting quiet

A  
you read so softly over my head  
E D7  
it s late but i m maintaining interest in the things that you say  
A E  
i could listen to you speak all day

A  
in the silence dripping wet with  
E  
kisses running down my lips  
D7  
could be just a good friend  
A E  
who knows at this point anyway

A D7 A E A  
there s just something about the way you surrender your eyes  
A D7 A E A  
without this barrier of bodies, we d already be inside

A  
Like two children at first glance  
E  
we re building castles in the sand  
D7  
It s so delicately dreamt of  
A E  
this immediate intimacy

A  
on the way to California  
E D7  
and i don t mean california literally  
A E A

**D7**

**E**

You know I don t mind...

**A**

**D7**

**E**

**A**

and if you should take me, I d let you break my heart

**D7 E**
