Tuning - Standard  
Capo - 1st fret

[Intro]

**C Am Dm G**  
**C Am G**

**C**  
I watch from a tower in the back of my mind  
**Am**  
I watch from a window as the living walk by  
**Dm**  
Down below  
Walking with quiet dreams  
**G**  
Walking out quiet day  
And in my head  
**C**  
I might be sorry it makes no difference now  
**Am**  
I might be wishing I had someplace to go  
**Dm**  
Hit the streets

**G**  
Out in search for the self that has left me lying  
**C Am**  
And I never seem to notice  
**Dm G**  
It s too late before I know that all  
**C Am**  
The love inside has been empty  
**Dm G**  
The world we made has been ending  
**C Am Dm G**  
And like a ghost that hangs around and won t forgive its earthly sins  
**C Am**  
I ve carried on this love for you  
**Dm G**  
It s how my body lives

**C**  
My darling  
**Am**  
How are you?  
**Dm G**

How have you been lately?

**C** **Am** **G**  
I only seem to speak to you of superficial things

**C** **Am**  
Creator, you destroy me

**Dm** **G**  
You know my hunger well

**C**  
And yet you starve me

**Am** **G**  
Until I m begging on my knees

**C** **Am**  
And these are a few of very many things

**Dm** **G**  
I can t begin to say out loud

**C** **Am**  
If only this song could carry us on

**Dm** **G**  
But I know I m only entertaining myself

**C** **Am** **Dm** **G**  
I felt that even after I ve been stripped of all my pride

**C** **Am** **Dm** **G**  
There still remains a place for you to crawl up inside

**C** **Am**  
To crawl up inside

**Dm** **G**  
To crawl up inside

**C**  
And I m out of my mind

**Am**  
Out of my mind

**Dm** **G**  
Murder us bitch I m out of my mind

**C**  
I m out of my mind

**Am** **G**  
To be in love with you

**G**  
The way that I m in love with you

**G**  
The way that I m in love with you

[Interlude]

**C Am Dm G** x2

**C Am**

**G**  
Fuck this and everything we ve done

**C**  
Fuck you

**Am**

**G**

Fuck you and your lies
