

**The Sky Opened Up**  
**Angel Olsen**

[Intro]

**B C**  
**B C D C B**

[Verse]

**B** **C**  
Youâ€™ve been on my mind

**B** **C**  
Guess itâ€™s about time

**D** **C** **B**  
To see things just as they were

**D** **C** **B**  
To see things just as they were

**B** **C**  
Left so much behind

**B** **C**  
The sky opened up and I climbed

**D** **C** **B**  
To see things just as they are

**D** **C** **B**  
To see things just as they are

**D** **C** **B**  
And on my way back to the ground

**D** **C** **B**  
I was appalled by what I had found

**B** **C**  
If you dare to be

**B** **C**  
True to what you believe

**D** **C** **B**  
Thereâ€™s always somebody to lose

**D** **C** **B**  
Thereâ€™s always somebody to lose

**B** **C**  
Even if you try

**B** **C**  
To pull all your feelings aside

**D** **C** **B**  
Thereâ€™s always someone who will see

**D** **C** **B**  
Thereâ€™s always someone who will see

B C B

D C B  
And on my way back to the ground

D C B  
I was surprised by what I had found

D C B  
No one will ever be you for yourself

D C B  
Even if the world is ready to help

B C  
If you give it some time

B C  
Out of the stranger you may find

D C B  
Someone that hears what you mean

D C B  
Someone that hears what you mean

B C B

D C B  
These thoughts are easy to think, easy to say

D C B  
But when you're walking alone, will you be okay?

B C B

B C  
Left so much behind

B C  
The sky opened up and I climbed

D C B  
To see things just as they are

D C B  
To see things just as they are

D C B  
And on my way back to the ground

D C B  
I was appalled by what I had found

D C B  
No one will ever be you for yourself

D C B  
No one will ever be you for yourself
