

**Come A Little Closer**  
**Angela Soffe**

Capo 8 (V111)

Intro = **G/C/D/G/C/D**

**G** **C**  
Somewhere from salt lake to New York  
**D** **G**  
I- lost my heart along the way  
**G** **C**  
And I donâ€™t rememb-er giving it to you  
**C** **D**  
Cuz giving it away is what I seldom do  
**G** **C**  
But here I am with a hole in my chest  
**D** **G**  
Waiting for a phone call coming from the west  
**G** **C**  
Big city lights but the apple of my eye  
**D** **D**  
is way back where I said goodbye

-----

Chorus 1

**G**  
So come a little closer baby  
**C**  
Iâ€™ll sing a little louder maybe - then  
**C** **D**  
youâ€™ll hear me thought youâ€™re miles a way  
**G**  
But I can feel your arms around me  
**EM**  
Just the way it should be  
**C** **D** **G**  
Darl-ing come a little clos-er to m-e  
**G** **C**  
Iâ€™m not quite sure how Iâ€™m supposed to feel  
**D** **G**  
Or even why Iâ€™m here  
**G** **C**  
I need my heart and so I need you  
**D** **D**  
Baby, tell me that you need me to
