  Eras mas fuerte  que mi propia  
 voluntad

Estribillo:

          E                                  C                                  D                                  G  
 Prisionero,  prisionero de tu amor  
           E                                  C                                  D                                  E  
 Prisionero,  prisionero de tu amor

Riff A

          E                                  C                                  D                                  E D E E

E  C                                  D  
 En el momento en que no te veía  
   E D E E  
 Yo me sentía morir  
 E                                  C                                  D  
 Y juraba una y otra vez  
   E D E E  
 No acordarme de ti  
 E                                  C                                  D  
 Me mostraba algo indiferente  
   E D E E  
 No había nada que hacer  
 E                                  C                                  D  
 Tu tal vez sin llegar a saberlo

Te apoderaste de mí
