

Love Like Rockets  
Angels & Airwaves

D	A	G
I held my head as it left the ground		
The belts grew tight as the blast grew load		
A loving wish whispered in my ear		
Please lead with grace, all the best, my dear, yeah, it s like		

D	A	G
I held your hand as I pulled you in		
Your lips sealed tight, ready to begin		
I kissed you first, then you kissed my ear		
If I ask you once will you ask me every year?		

D	A	G
Do you feel alive?	Imagine,	imagine
Do you feel alive?	Imagine,	imagine

D  
The stars in your eyes light up the sky  
A G  
With thoughts, light and fire and sound
