Song: Free Man

Artist: Angie Aparo

Album: The American

Tab: Optophobic@yahoo.com

**C** **F**  
Hey wouldn't you wanna know  
**C** **F**  
Everywhere that river flows to right now  
**C**  
I can show you how  
**C** **F**  
Cause someday you might wanna go  
**C** **F**  
Someday you got nothing to show

For all your pain  
**C**  
For all your chains  
**G** **Am**  
I ain't saying it's the only way  
**F** **G**  
But wouldn't you like to know

**C** **F**  
How it feels to live  
**C** **F**  
Like a free man  
**C**  
To give  
**F** **G**  
When there's nothing in your hand  
**C** **F** **C** **F**  
Run like only the river can  
**C** **F** **G**  
Like a free man

You've only so many roads to choose  
Sooner or later the ones you use  
They all look the same  
Someday you might feel the need  
Someday when you're tired of bleeding  
For someone else  
You're gonna want it for yourself  
I ain't saying it's the only way  
But wouldn't you like to know

How it feels to live  
Like a free man  
To give  
When there s nothing in your hand  
Run like only the river can  
Like a free man  
(repeat)

**C F C F C F Am G**

Hey

**C F C F C F Am G**
