

Final Light
Angra

Bm **F#**
You take the time to find a way

And though it seems so clear

G **Em**
A silent wonder still remains

Bm **F#**
Is there more for me to learn?

G **Em**
Massive universe, save me once again

F# **G** **Em**
All the answers only led us to the edge

B **D** **C**
A final light never came and never will

F#
So we fall and rise and walk again

G **Em**
The matter still prevails

B **D** **C**
The final light is the path and not the end

B
It s not the end
