

Final Light

Angra

C#m **G#**
You take the time to find a way

And though it seems so clear

A **F#m**
A silent wonder still remains

C#m **G#**
Is there more for me to learn?

A **F#m**
Massive universe, save me once again

G# **A** **F#m**
All the answers only led us to the edge

C# **E** **D**
A final light never came and never will

G#
So we fall and rise and walk again

A **F#m**
The matter still prevails

C# **E** **D**
The final light is the path and not the end

C#
It s not the end
