C#m B F#  
Inside the cage of your mind  
G# C#m  
Waiting for the day  
B F#  
Just a victim of the guilt  
A  
Living in despair  
C#m B F#  
Out on your own in the dark  
G# C#m  
Sinners meet the saints  
B F#  
Bloody river overflows  
A  
You don t really care

E D  
Setting on fire  
A  
Your own freedom  
G  
Played the hardest game  
C#m D  
Now you will burn  
A B  
Your eternal flame

C#m            B                    F#

Even the brave won t deny

G#                    C#m

Evil warns again

                  B                            F#

And your conscience ins t safe

                  A

Driving you insane

E                    D

Playing with fire

                  A

Put your freedom

                  G

Through the hardest test

C#m    D                    A

Don t blame the scare

                  B

On your final day

E                    C                    D    B B7

One last minute passes by your soul

Em                    C                    D    A

Just one minute more in the horizon

C            G                    D

You will face the judgement day

                  B7

(Scream your voice free to the air)

C                    G                    B    B7

Waiting for the judgement day

E                    C                    D    B    B7

One last minute passes by your soul

Em                    C                    D    A

Just one minute more in the horizon

E                    C                    D    B    B7

One more minute passes by your eyes

Em                    C                    D    A

Just one minute less in tre horizon

C            G                    D

Then you face the judgement day

                  B7

(Scream your voice free to the air)

C                    G                    D

There is no more time to pray

                  B7

(Sweat in pain you are afraid)

C            G                    B

We all face the judgement day

Em
