F# G#

We're armed and ready to attack

F#

To strike the city of all desires

E C# F#

Then calm the waves that lend to passion

Eb C# B E

When all reality turns back to ashes

G# F#

Over the hills, across the sea

G# F#

Into the abyss of a bygone time
 E C# F#
 Lest we forget what really matters
 Eb C# B E
 And the bewildered look up to the sky

 What does the poor life of a warrior cost?
