Spirit Of The Air

```
Angra
(intro) Dm Dm9
                   Dm
                        E7/D
                                 Dm9
                                        Dm
                                              E7/D
F9
Deep in the ocean, mermaids are crying
Oh Lord
King of the thunder, magic surrounds you
Oh Lord
Bb6
                      F
                                     C/E
                                                       Dm
On the island, land of the elves of the hills,
       G/B
Ariel s winds
            Вb
                      C
                               Dm
Blow the sails into a war
           Вb
                   G#°
    Dm
                           Gm/E
                                  D#7+
                                         )
Before you can say Spirit! Come and go!
Dm
My Lord
I ll bring the tempest, I won t even question
Dm
I ll be gone in a trip of a toe
                                      C/E
                                                 Dm
Inside your rage, now I m trapped again
                            \mathbf{B}\mathbf{b}
                                           Dm
                                                 D#
Cloven pine was my prison for a decade
Вb
                 D/F#
                             Gm
Groves and standing lakes
Bb/G#
                                      C5
         D#
                            F/D#
Island of dreams where you reside
A٥
                 D7
Spirit Of The Air
Bb
                         D/F#
                                       Gm
You throw your tricks and spells
Bb/G#
                         D#
                                   F/D#
                                            C5
And claim for your freedom once denied
Dsus4
                                     D#7M
It s no good to watch the skies
Fsus4
                         F
                                   Bb5-
                                              Вb
                                                     Bb5-
                                                              Вb
