Is there a cure for this pain
Maybe I should have something to eat
But food won t take this emptiness away
I m hungry for you my love

Well I made it through another day
In my cold room
On scraps and pieces left behind
I survive on the memory of you

All Of me is all for you
You re all I see
All of me is all for you
You re all I need

Is there a remedy for waiting
For loves victorious return
Is there a remedy for hating
Every second that I m without you

All of me is all for you
You re all I see
All of me is all for you
You re all I need

All this life is all for love
It s the only road I ll choose
And every street and avenue

Only one will lead me to you

All of me is all for you

You re all I see

All of me is all for you

You re all I need

One Love, One Love, One Love

One Love, One Love, One Love
