

## Hold On

Angus & Julia Stone

**Am**            **C**            **F**  
And I m waiting for the day  
**Am**            **C**            **F**  
I know you ve got your part  
**Am**            **C**            **F**  
And I m waiting for the day  
**Am**            **C**            **F**  
I know you ll have the heart

**Am**            **C**            **F**  
And I m hoping that you ll say  
**Am**            **C**            **F**  
That you loved me all this time  
**Am**            **C**            **F**  
But it turns out just the same  
**Am**            **C**            **F**  
And you break apart the things I had

**Am**            **C**            **F**  
Hold on, what did you say that for?  
**Am**            **C**            **F**  
Hold on, what did you say that for?  
**Am**            **C**            **F**  
Hold on, what do you take me for?  
**Am**            **C**            **F**  
Hold on, what do you take me for?

**Am**            **C**            **F**  
And I m waiting for the day  
**Am**            **C**            **F**  
Inside my mother s clothing store  
**Am**            **C**            **F**  
And I m waiting for the day  
**Am**            **C**            **F**  
What am I waiting for?

**Am**            **C**            **F**  
Hold on, what did you say that for?  
**Am**            **C**            **F**  
Hold on, what did you say that for?  
**Am**            **C**            **F**  
Hold on, what do you take me for?  
**Am**            **C**            **F**  
Hold on, what did you say that for?
