                         G
Iiiiiiiiiiiiif I, if I think too fast
            D       G
Take what s in my head
         G            D         G
I ve got two things in my head s end

       G
If I think too fast
           D       G
Take what s in my head
         G                 D       G
I ve got two things in my head s end

         G
Now I ve got these chores
                   D       G
And I m not gonna hurt no one
                     D       G
And when at last my work is done

         G
Now I ve got these chores
                   D       G
And I m not gonna hurt no one
                   D       G
And when at last my work is done

G
If I (x9)

     G
If I think too fast
           D       G
Take what s in my head
         G            D         G
I ve got two things in my head s end

       G
If I think too fast
           D       G
Take what s in my head
         G                 D       G
I ve got two things in my head s end

         G
Now I ve got these chores
```

```
                  D         G
And I m not gonna hurt no one
                       D         G
And when at last my work is done

          G
Now I ve got these chores
                  D         G
And I m not gonna hurt no one
                       D         G
And when at last my work is done

G
If I (x36)

   G
I only want the time
   D
To do one thing that I like
  G
I want to get so stoned
    D               C           G
And take a walk out in the light drizzle
        D
At the end of the day
             G       D
When there s no one watching

D     C           D
At the end of the day
             G       D
When there s no one watching
