

Mercury Man

Animal Collective

My favorite Animal Collective song.

Thanks to thombone97 for the first half of the song.

D **Bm** **A**
Sounds like machines talking to me on the phone.

Am **G**
I say, but they don't quite get me

D **Bm**
It's hard to make my feelings known

A **Am** **G**
Sometimes I wish for a long wave

D **Bm** **A**
When I'm waiting for someone to calm my tone,

Am **G**
bad vibes I've got hold dementia

D **Bm**
When I'm one thousand Hz from home,
A **Am** **G** **Bm**
sometimes I wish for a short wave home

C **Bm** **C**
Two human beings. I'm upset, you're upset, what's to be done?

D **Bm** **A**
Old lines. Everybody talking from their homes

Am **G**
Bad news, but your bed will take you

D **Bm**
If you could only feel what's wrong
A **Am** **G** **Bm**
Sometimes I wish for a hand wave home

C **Bm** **C** **Bm**
Two human beings; I'm upset, you're upset, what's to be done?

C **Bm** **C**
Two human beings; What a mess, what a mess, what's to be done?

D **Em**
You got to slide off like mercury

Bm **A**
Can I play my part like mercury?

C **G**
Would you let me feel like mercury?

D **C**
Can I always be like mercury?

Em **G** **A** **Am** **D**
