**Animal Collective**

Animal Collective s Tikwid off the People EP

Such a simple song that took me frustratingly long to figure out. I rated it at only because the rhythm and timing is difficult, which is to be expected because it is animal after all.

VERSE

**Cm**                **A#7/D**                **D#**  
Go to me, Up to the, Pumpkin

**Cm**    **A#7**    **D#**  
And if they come for us, We ll hide in my jar

[continue chords]  
You and me  
We ve braided our  
Hands together  
Hold till my blues fade  
If they bawl

CHORUS

**G#**  
I feel like a ghost who s got a skeleton face

**A#**  
I m gonna run behind you in the shadow s place

**Gm**  
And I can feel your rhythm if you feel my rhythm

**A#**  
It s a pie

**A#**    **D#**  
And it s berries in my heart bread

**A#**    **D#**  
Berries in my heart bread

[the next couple of verses and choruses are the same]

You and me  
Chained to the  
Thumb piano  
Walk down streets  
With red in our clothes

You and me  
Under clear  
Umbrellas  
I said that once an eve  
I m drying your  
Bones

I feel like a ghost, I ve got the skeleton face  
And I ll live in a house with a bunch of people  
And I can feel your rhythm if you feel my rhythm  
It s a pie  
And it s berries in my heart bread  
Said it s berries in my heart bread

You and me  
Pushing **A**  
Thumb pin  
When we re good and ready  
We can swim in the flood

I feel like a ghost, I ve got the skeleton face  
I own a secret tomb and I ll never be late  
And I can feel your rhythm if you feel my rhythm  
It s a pie  
And it s berries in my heart bread  
Said it s puts berries in my heart bread

**D#**  
**A#**  
**D#**  
**Cm**  
**A#**  
**D#**  
[repeat 4x]

[then its back to more verses and choruses]

You and me  
We re hooking our  
Eyes a little  
In a tree  
Where the arches gleam  
Below

Our highs sing  
While familiar creams

Swap around a little stall  
Lean on me  
And we can watch the sun  
Build home

I feel like a ghost who's got a skeleton face  
I crawl around behind you in the shadows place  
And I can feel your rhythm if you feel my rhythm  
It's a cry  
And it's berries in my heart bread  
Said it's berries in my heart bread

I feel like a ghost who's got a skeleton face  
But now I live in a house with a country gate  
And I can feel your rhythm if you feel my rhythm  
It's a cry  
And it's berries in my heart bread  
Said it's berries in my heart bread
