Dm Am C

Dm Em G
Sometimes it won't come so easy
Dm
But sometimes you've gotta go get mad, mad

N.C Dm
Come on let-let-let-let-let-let-let-let-let-let-let go!

The shifting ease on
 Lets me trip and i will stay with the reds and then the pains
 And now were going up the same
 Come on let-let-let-let-let-let-let-let-let-let go!
 Ive got a question for your head
 I made a shadow with my hand and I made it like your heart
 And it will never be the same

Cause your ohms the sweetest thing inside of you
 Our home is bigger than a mountain view
 You find something you believe that you should do
 Sometimes it wont come so easy
 But sometimes youve gotta go get mad, mad

But All the good things
 Like having your surf breaks
 All of the good things
 Like friends from a long way
 Theyll be some fat kings
 Youâ€™ll see comes for nothing
 And then we watch them
 Shred, feels like
 The suns going down
 Can you see the clouds?
 Bet your in baltimore laughing so loud
 But have you seen those clouds
 Then you should come on out
