* = let ring

[Verse 1]

C#m **A**
Oh solace, I fear the man I might become
A **C#m**
Your hypocrite, your hired gun
C#m **A**
I count my demons one by one
F#m **B** **C#m**
And you chase me as I run
C#m **A**
I ve seen your face in every bar
A **C#m**
And all those late nights in her car
C#m **A**
I heard God meets you where you are
F#m **B** **C#m**
Not just an apathetic hand out in the stars

[Chorus]

E **B** **A** **E** **B**
Oh solace, we are a broken family
A **E** **B**
At least we have sincerity
A **E** **B**
Let us rejoice and not deceive
A* **A**
There is hope out there for you
C#m
Like there s hope out there for me

[Verse 2]

C#m **A**
Oh solace, please send a crash to wake me up
A **C#m**
The sound of your insistent drum
C#m **A**
I need to know that you re enough
F#m **B** **C#m**
I am a skeptic and a son
A
If you are bigger than belief
C#m
If you are more than eyes can see
