(English Translation)

I must be like this because I'm a fool

It seems alright even when I'm hurt
Even when I'm teased about my pitiful love
Because I'm a fool beyond help

I was good to her because I wanted to be
I was happy with just that
If she smiles just once
I'm happy with that smile

Thinking This girl doesn't have a person she likes?
I simply stay by her side like this
Because this is a love where I'm happy to be giving
I don't expect anything in return

A place from where I can reach her any time she holds out her hand
A place from where I can visit her any time she calls for me
I'll stay there without changing
Because I love her

Because she was the one I chose
Even the pain made me happy
If she looks back at me just once
I'm happy with that

Thinking This girl doesn't have a person she likes?
I simply stay by her side like this
Because this is a love where I'm happy to be giving
I don't expect anything in return

A place from where I can reach her any time she holds out her hand
A place from where I can visit her any time she calls for me
I'll stay there without changing
Because I love her

Until someone else to watch over her in my place arrives
I'll stay by her side for the time being
Because this is a love where I'm just happy to gaze at her
I don't need anything in return

So that she can lean on me and rest any time
I'll always appear the same
Even if she leaves me without saying goodbye
I'll let her go saying thanks

Because I'm a fool
