F **C** **G Ab Am**
Girl dreaming of her big break and all the money she ll make
(Saving money up for next year)

CHORUS

(play intro throughout)

they re watching me

on a big stage red, green and mellow

young and free

turn the lights on, take three

but all they see is a girl in stilleros

and i want is to get up and sing

VERSE 2

Ab **F**
Thank God I don t smoke anymore

C **G Ab Am**
Leaves me one less thing to hide

F
And I don t really miss the 1950s fishermen

C **G Ab Am**
Trying to chat me up outside

F
I see people s stares, feel my own tears

C **G Ab Am**
Looking down it s like they all just wanna do me

F **C** **G Ab Am**
Mr Understanding pulls up a chair, puts a hand on my shoulder

(Let me buy your next beer)

turn the lights on, take three

but all they see is a girl in stilleros

and i want is to get up and sing
