

**Car Crash**  
**Anna Nalick**

ANNA. NALICK. FOREVER! Love this girl!

\*Capo on the first fret\*

**Dm** **F** **Bb** **F**  
I think I love you like a car crash, dear.

**Dm** **F** **Bb** **F**  
I don t want your wreckage, but I find I cannot steer.

**Dm** **C** **Bb** **F - C**  
My eyes away now. You know I couldn t stay now. Let me go, let me go.

**Dm** **C** **Bb** **C**  
Angels raise accusing eyes. I m gonna lose him. Let me go, let me go.

**F** **C** **Bb** **F** **C** **Bb**  
Cause I might let you break my heart, if mine was all that I was worth.

**F** **C** **Bb** **Bbm** **F** **C** **Bb**  
I might let you break my heart, if I don t break it first. Oh oh. Oh oh.

**Dm** **F** **Bb** **F**  
The old star clock it laughs itself to sleep tonight,

**Dm** **F** **Bb** **F**  
and that fork in the road will bleed me like a knife.

**Dm** **C** **Bb** **F - C**  
You re moving faster. What a beautiful disaster. Let me go, let me go.

**Dm** **C** **Bb** **C**  
Angels raise accusing eyes. I m gonna lose him. Let me go, let me go.

**F** **C** **Bb** **F** **C** **Bb**  
Cause I might let you break my heart, if mine was all that I was worth.

**F** **C** **Bb** **Bbm** **F** **C** **Bb**  
I might let you break my heart, if I don t break it first. Oh oh. Oh oh.

**Dm** **C** **Bb** **F - C**  
And, maybe I will taste you in another time and place.

**Dm** **C** **Bb**  
You look so good, I bet you taste like something sweet.

**Dm** **C** **Bb** **F -**

But, hell is overflowing and there s no way of knowing.

**C** **Dm** **C** **Bb**  
If I give up heaven for one moment, will I get it back?

**Dm** **F** **Bb** **F**  
I think I love you like a car crash.

**Dm** **F** **Bb** **F**  
One wrong move and there s no looking back.

**Dm** **C** **Bb** **F - C**  
Won t throw away my forever by the wayside. Let me go, let me go.

**Dm** **C** **Bb** **C**  
Angels raise accusing eyes. I m gonna lose him. Let me go, just let me go.

**F** **C** **Bb** **F** **C** **Bb**  
Cause I might let you break my heart, if mine was all that I was worth.

**F** **C** **Bb** **Bbm** **F** **C** **Bb**  
I might let you break my heart, if I don t break it first. Oh oh. Oh oh.

**F** **C** **Bb** **Bbm** **F** **C** **Bb**  
Cause I might let you break my heart, if only mine would hurt.

-Lot of love!
