```

VERS

Caught by, what comes by, stand alone without a fare chance tonight
 Here again, by your side when, they turn on all the lights
 yes I ll follow you tonight

VERS 2

Using white lies if we have to, it s easy to forgive and forget it all tomorrow
 I just pass by you, pass by me, my last way out and worst misstake tonight

STICK

Lying lips won t say, my eyes give me away, won t you please turn out the light
 And I follow you tonight
 I follow you tonight

STICK 2

the worst misstake to make, or just the kind of promise you simply have to break
 so please turn out the light. And I follow you...

VERS 3

To any doorstep, any hallway, with hope of finding more, not feel shallow not
 get bored
 Find it useless, feeling meaningless, and just as low as I was high the night
 before.

STICK 3

the worst misstake to make, or just the kind of promise you simply have to break
 so please turn out the light, and I follow you tonight.
