Quiet night, thought becomes a whisper.

C **F**
Not a word you say could ever hurt me.

Am **G** **F**
Screaming streets are so quiet now, they are sleeping. Just like we re about too.

C **F**
You say it s worth it all, troubles and the worries.

C **F**
Just knowing I wake up with you again tomorrow.

Am **G** **F**
And I say it s worth it too. The madness, the bad dreams all the way with you.

Am **Dm7** **Am** **Dm7** **Fmaj** **Bb** **F/A** **G**
And outside the life goes on on on on on--- on-----

C **F**
So cool the things I see, know now that would scare you.

C **F**
I keep that part of me away when I am near you.

Am **G** **F**
This life is real enough from this, it s almost like a dream. Even when I wake up.

Am **Dm7** **Am** **Dm7** **Fmaj** **Bb** **F/A** **G**
And outside the life goes on on on on on--- on-----
