Anne Hvidsten - Need to know

Intro: **Am C Em D** x2

Verse:

**Am C Em**

Praying for that time to come

**D**

when I play for everyone and

**Am C**

Any night and any day

**Em D**

you are not so far away and...

**Am C**

Like a bound inside of me

**Em D**

Mighty spirits come to see me

**Am C**

Throwing parties everywhere

**Em D**

When this joy there is no despair cause.

**Am C Em**

Peoples pledge the love to freedom

**D**

In the line of endless agony

**Am C**

And on corners people are crying

**Em D**

For the questions any answer to be

**Am C**

And as the shadows are fading

**Em D**

All the answers come to me..

Chorus:

**D G**

I need to know, I need to know

**D G**

I need to know it s way to go

**D G**

I need to know , I need to know

**D G Em**

I need to know when time will come

**D Am Em**

I need to know when time will come

Looking at the ending road,  
and the all the size it crowd on..  
See the terror in their eyes..  
as the lacking minute flies cause

They have lost their pressure minds  
in a place where sergeants find is..  
No longer words of fate  
if they have lost their fate cause....

They need to know , they need to know  
They need to know it s way to go  
They need to know, they need to know  
They need to know when time will come..

When time will come....  
oh when time will come..

Chorus x 3
