[Verse]

[C] Lay [G] down  
Your [Dm] sweet and weary [Am] head  
[C] Night is [G] falling,  
You have [Dm] come to journey s [Am] end

[C] Sleep [G] now,  
And [Dm] dream of the ones who came [Am] before  
[C] They are [G] calling  
From [Dm] across the distant [Am] shore

[Am] Why do you [C] weep  
[F] What are these [G] tears upon your [Am] face  
Soon you will [C] see  
[F] All of your [G] fears will pass [Am] away  
Safe in [C] my arms  
[F] You re only [G] sleeping

[Chorus]

[C] What can you see  
[F] On the horizon  
[C] Why do the white gulls [G] call  
[C] Across the sea  
[F] A pale moon rises  
[C] The ships have come to carry you [G] home

[Am] Dawn will [C] turn  
[F] To silver [G] glass  
[Am] A light on the [C] water  
[F] All souls [G] pass

[Verse]

[C] Hope [G] fades  
Into [Dm] the world of [Am] night  
[C] Through shadows [G] falling  
Out of [Dm] memory and [Am] time

[C] Don t [G] say  
We have [Dm] come now to the [Am] end  
[C] White shores are [G] calling  
You and [Dm] I will meet [Am] again  
And you ll be [C] here in my [Am] arms  
[F] Just [G] sleeping

[Chorus]

[C] What can you see  
[F] On the horizon  
[C] Why do the white gulls [G] call  
[C] Across the sea  
[F] A pale moon rises  
[C] The ships have come to carry you [G] home

[Am] All will [C] turn  
[F] To silver [G] glass  
[Am] A light on the [C] water  
[F] Grey ships [G] pass  
Into the [C] west
