

Shining Light
Annie Lennox

Capo 3rd Fret

G **C** **G**
Roman candles that burn in the night

Em **C** **G**
Yeah, you are a shining light

G **C** **G**
You lit a torch in the empty night

Em **C** **G**
Yeah, you are a shining light

G **C** **G**
Yeah, you light up my life

G **C** **G**
Youâ€™ve always been a thorn in their side

Em **C** **G**
But to me youâ€™re a shining light

G **C** **G**
You arrive and the night is alive

Em **C** **G**
Yeah, you are a shining light

G **C** **G**
Yeah, you light up my life

G **Em**
We made our connection

Bm **C**
A full on chemical reaction

Bm **C**
Brought by dark divine intervention

Em **C** **D**
Yeah, you are a shining light

G **Em**
A constellation once seen

Bm **C**
Over Royal Davidâ€™s city

Bm **C**
An epiphany you burn so pretty

Em **C** **D**
Yeah, you are a shining light

G **C** **G**
You are a force, you are a constant source
Em **C** **G**
Yeah you are a shining light
G **C** **G**
Incandescent in the darkest night
Em **C** **G**
Yeah you are a shining light

G **C** **G**
My mortal blood I would sacrifice
Em **C** **G**
For you are a shining light
G **C** **G**
Sovereign bride of the infinite
Em **C** **G**
Yeah, you are a shining light
G **C** **G**
Yeah, you light up my life

G **Em**
We made our connection

Em **Emaj7**
And these are days you often say
Bm **A**
There's nothing that we can't do
Am **D7**
Beneath a canopy of stars
Am7 **D7**
I'd shed blood for you

Em **Emaj7**

The north star in the firmament

Bm **A**

You shine the most bright

Am **D7**

Iâ€™ve seen you draped in an electric veil

Am7 **D7**

Shrouded in celestial light

G **Em**

We made our connection

Bm **C**

A full on chemical reaction

Bm **C**

Brought by dark divine intervention
