

Might As Well

Intro-tune: (Bm, F#m, G, A)

Bm **F#m** **G** **A**

I might as well be cheating on you

Bm **F#m** **G** **A**

I might as well be cheating on you I do

Verse 1: (Bm, F#m, G, A)

Bm **F#m** **G** **A**

I always knew that you would be cheating on me finally

I never knew it be this soon, I didn't see it coming

Yesterday you let me down, The only friend I thought I found

Sleepless nights heart in two, Baby who is kissing you

If this would have happened to me ten years ago

I'd make sure that you'd be lying six feet underground

But little girls we grow up knowing love will find a way

So now we have an understanding, I can't see why I

Refrein: (G, Bm, A, G7)

G

Might as well, Be cheating on you

Bm

I might as well, Do all the things you do

A

I might as well, Have a little fun

G7

Baby you inspire, It's the way we carry on

Intro-tune 1x: Bm, F#m, G, A

Verse 2: (Bm, F#m, G, A)

Bm **F#m** **G** **A**

Heavy steal is all you see, That is what is left of me

No remorse no dignity, Can we get any higher

To every other happy fool, Disloyalty will come for you

Lights go out on your own, So much for pretending

Now if this would have happened to me ten years ago

I'd make sure that you'd be lying six feet underground

But little girls we grow up knowing love will find a way

So now we have an understanding, Let's just rock n roll
