

**A**

Walk around like you deserve that gold

**E**

But what would happen if they knew the place that

**G#m**

You got it from?

**C#m**

I guess that I was just another victim

**A**

Someone that you thought that you could play

**E**

I had a feeling and I should have listened

**G#m**

Now there s no us

[Pre-Chorus]

**C#m** **A**

I was so rich with all this love

**E** **G#m**

You wanted it and I was so dumb

**C#m** **A**

I let you in when I should have run

**E** **G#m**

Now all that s left is something numb

[Chorus]

**C#m**

I gave you all I had to lose

**A**

My skin, my soul, my finest jewels

**E** **G#m**

You stole it all for someone new

**C#m**

You gave away the best of me

**A**

My sins, my sweetest ecstasy

**E**

To someone worth much less than me

**G#m**

**C#m**

Yeah, you re my Robin Hood

[Bridge]

**G#m** **C#m**

So alone, so alone

**A** **E**

So alone, so alone

[Chorus]

**C#m**

I gave you all I had to lose

**A**

My skin, my soul, my finest jewels

**E**

**G#m**

You stole it all for someone new and then

**C#m**

You gave away the best of me

**A**

My sins, my sweetest ecstasy

**E**

To someone worth much less than me

**G#m**

**C#m**

Yeah, you re my Robin Hood
