

Thats Us
Anson Seabra

[Verse]

Gm **D#** **A#**
I shoulda known it wouldn't happen cus it wasn't right
Gm **D#** **A#**
I shoulda known it cus it happens every god damned time
Gm **D#** **A#**
Almost thought we coulda been something, almost thought we could have tried, but
Gm **D#** **A#**
It didn't happen so I need you to get out my life

[Pre-Chorus]

Gm **D#** **A#**
But the other night I had you in my head, called you on the phone
Gm **D#** **A#**
Want you stealing my time even though I said I wanna be alone
Gm **D#** **A#**
Oh and I should know this could never work, oh, this could never end well
Gm **D#** **A#**
Know it's only human but I never learn, I want you for myself

[Chorus]

Gm **D#** **A#** **Dm**
I can take the fall: the pain, the pleasure
Gm **D#** **A#** **Dm**
And you can take it all, for worse, or better
Gm **D#** **A#** **Dm**
But oh, what if we're wrong? What if we're not all that we thought?
Gm **D#** **A#** **Dm**
Then we won't make it long, but hey, I guess that's us

[Verse]

Gm **D#** **A#**
We couldn't help it but you know that doesn't make it right
Gm **D#** **A#**
You say I'm selfish but I know you felt the same inside
Gm **D#** **A#**
Everybody says it's all okay, everybody says we're fine but
Gm **D#** **A#**
Guess someone else is what you need to make you feel alright

[Pre-Chorus]

Gm **D#** **A#**
But tomorrow night I'll probly call a cab, show up at your door
Gm **D#** **A#**
Love you in the night time, leave you in your bed, cold and wanting more
Gm **D#** **A#**

Oh and I should know this could never work, oh, this could never end well

Gm **D#** **A#**
Know it s only human, but I never learn, I need you for myself

[Chorus]

Gm **D#** **A#** **Dm**
I can take the fall: the pain, the pleasure
Gm **D#** **A#** **Dm**
And you can take it all, for worse, or better
Gm **D#** **A#** **Dm**
But oh, what if we re wrong? What if we re not all that we thought?
Gm **D#** **A#** **Dm**
Then we won t make it long, but hey, I guess that s us

(Humming)

[Chorus]

Gm **D#** **A#** **Dm**
I can take the fall: the pain, the pleasure
Gm **D#** **A#** **Dm**
And you can take it all, for worse, or better
Gm **D#** **A#** **Dm**
But oh, what if we re wrong? What if we re not all that we thought?
Gm **D#** **A#** **Dm**
Then we won t make it long, but hey, I guess that s love
