

**Im Alive**  
**Ansoticca**

Capo 2, it doesn't sound perfect at all but totally usable for singing it around a campfire and stuff.  
(Remember you've to sing the refrain higher than the verses so it sounds like in the original song)

**Bbm**  
This is the life that  
                  **Fm**  
Leaves us restless  
                  **F7**  
It's the end of all that  
                  **Bbm**  
We have known before  
  
The search for beauty  
                  **Fm**  
Leaves us breathless  
                  **F7**  
In these days where nothing  
                  **Bbm**  
Matters anymore

**Fm**                                **F7**  
This is not our dying

**G#**    **Eb**                **Bbm**  
I'm holding on  
**G#**                **Eb**                **Bbm**  
Flying to the sun  
**G#**    **Eb**                **Bbm**  
Keep holding on  
**G#**    **Eb**                **Bbm**  
Til I'm alive

(It's the same it before, quite easy I think)

This is the time that  
Built resistance  
Stole the innocence of  
An illusive dream

We're fighting back to  
Close the distance  
For the change that  
Has to come

And set us free

This is not our dying... !

I m holding on  
Flying to the sun  
Keep holding on  
Til I m alive
