The music in my headphones takes me to a place

Where nobody is telling me that I m just in the way

But I don t want to die alone
C D
I don t want to die at all

[Chorus]

C G D Em C G D Em
If someone cared as much for me as you do for me now

Maybe we would have never met
C G D
And I would still be living in hell

G D
As you let down your hair
C D
All that I could do was stare
Am G
You asked if anything was wrong

As your fingers grazed my arm

I don t want to die at all

Texting with the weirdos

Anyone worth kissing

Oh mom, I m gonna die alone
