C#m x4665x
A 5776xx or x0222x
B5 x244xx or x2444x
E 0221xx
F# 2443xx
G#7 4645xx

You could try G# (4665xx) and see which one suits your voice better both are correct.
This song is mainly strummed using downstrokes while muting the strings that is why I decided to not include the last string while strumming.

* = Single strum
