

**Em**  
Please don t leave  
                  **C**  
This silly boy who s  
**Am**                  **D**  
dying to impress  
                  **G**  
Please don t leave  
**Bm**                  **C**  
I was on my way home  
                  **D**  **B/Eb**      **Em**  
to see you when you left  
                  **Cm**  
Save this sinking heart  
                  **Am**                  **D**  
from its restraining chest

Verse 2:

**Em**  
I love the way you  
                  **G**  
roll your eyes  
And I hope that one  
                  **Em**                  **Cm**  
day I could be forgiven  
                  **Em**                  **Cm**  
For the way I make my living  
                  **Am**                  **D**  
And if you said goodbye  
                  **G**  
That would surely be  
                  **Bm**                  **Em**  
the end of me I promise  
                  **Cm**                  **D**  
It gets easier with time

(Repeat Chorus 1)

Bridge:

**Em**      **C**  
You ll be alone tonight  
                  **Am**                  **D**  
But kiss me once for luck  
                  **Em**                  **C**  
If it s a dream then I  
                  **G**                  **D**  
never want to wake up  
                  **Em**  
When I get home  
**C**

please be here

**G**

For another day

**Em**

For another year

**C**

But it s not easy

**Cm**

It s not easy
